Wedding Policies

- We require a professional and insured wedding event coordinator from the **approved** vendor list for the day of your event. The event coordinator will ensure that all of your event details and timeline go smoothly.
- Throughout your planning process we are always happy to help answer questions, send photos, or provide any information before your planner begins working with you. Don't ever hesitate to ask us!
- We require wedding clients to obtain day-of event insurance prior to your event. There are many affordable plans available (\$100- \$200) and can be found at [Eventsured.com](https://www.Eventsured.com), [EventHelper.com](https://www.EventHelper.com), or [wedsure.com](https://www.wedsure.com).

You may also want to consider cancellation/postponement insurance to cover potential losses for any unknown circumstances that could arise
